Dear Parents,

**Jolly Phonics Dictation**

In order for children to write regular words by themselves, they need to be able to hear the sounds in words and know how to write the letters for those sounds.

Please help your child practise these skills by calling out the words for them to try to write all by themselves into their dictation book.

Please use the pencil already provided and only complete once. It should be done in the format of a list. Please note this is not a test but an opportunity for your child to practise hearing and writing sounds to make words. A new list of words will be given each Monday.

*Watch carefully how your child forms each letter and remind them of the correct letter formation if necessary.*

Thank you for your continued support.

C.Goode, P.Moon & R.Quinn
