# SCIENCE AT HEREFORD CATHEDRAL SCHOOL

Science is a very successful and well-resourced faculty, comprising ten teaching staff and three experienced lab technicians. Biology, Physics and Chemistry all have dedicated laboratories with individual departmental prep-rooms.

There is a collegial approach within the faculty, with all members contributing to the development of programmes of study. Each member of staff is expected to offer an open-door policy when it comes to supporting our students beyond the classroom, and to provide stimulating, imaginative teaching spaces which encourage an interest and enthusiasm for our subject.

In Year 7, all pupils follow a combined science course comprising aspects of all three sciences. In Year 8 and Year 9, pupils are taught the three separate sciences by subject specialists. In the Spring term of Year 9 we start the GCSE course, following the AQA specification. Approximately 50% of pupils study the sciences separately, leading to the award of three GCSE qualifications. The remaining students follow a Combined Science course (Trilogy), resulting in the award of two GCSE qualifications.

Outside of lessons, there are a myriad of opportunities for our pupils to engage with science, including such activities as Chemistry Club, Science Society, the Biomedical Society, STEM Club and Dissection Club, to name a few. Pupils also gain regular success in Olympiads and competitions. We celebrate National Science and Engineering Week, and offer a number of science trips, including the biennial trip to CERN laboratories, the Biology Think Tank in Birmingham and a Forensics Day in Bristol. We regularly attend live lectures, conferences and museums, and run a number of outreach events for local schools.
